

Special Funding Grants - Assistance for MLTAQ members to attend the AFMLTA Conference

The MLTAQ will provide assistance to some members to attend the 24th AFMLTA International Languages Conference to be held on 7-9 July 2019 in Perth, Western Australia. Information about the conference can be found at: <https://afmlta.asn.au/2023-conference-page/>.

Conditions

MLTAQ has committed \$6,000 in total for this special funding with each successful member being able to access a maximum of \$1,000 of funding.

All applicants to the Special Funding Grant must be members of the MLTAQ. Applicants must agree to all terms and conditions and submit a completed application form by **5 May 2023**.

To accept a grant, a successful member must:

- agree to attend the whole conference and
- provide an article of substance of at least 500 words on the most valuable aspect of the Conference for them (or similar), no later than one month after the completion of the conference. The article would be able to be published in the MLTAQ Journal.

Should both terms not be met, the recipient will be required to repay the full grant amount of \$1,000.

The grant will be accessed in two parts:

- early bird registration has been made in the name of 'MLTAQ'. Successful applicants will be assigned one of early bird registrations and
- the remainder of the funding (\$425.00) will be as a contribution to the reimbursement for either airfare and/or accommodation in Perth.

Process

The process will be managed by members of the MLTAQ Executive Committee who will not be applying for the grant. All applicants will receive acknowledgement of receipt of application form. Successful recipients will be notified soon after.

The amount awarded as a reimbursement will be paid upon the production of tax invoices for airfare or accommodation. The reimbursement component may be paid before the conference.

Should all terms (full attendance at conference and submission of article) not be met, the grant recipient will be required to repay the full grant amount of \$1,000.

Please contact webmaster@mltaq.asn.au

Applications

Please email applications to webmaster@mltaq.asn.au

Article for the MLTAQ Journal

The (substantial) article should outline something you learned at the conference and will be able to implement in your teaching. Submit the article to editor@mltaq.asn.au.

A template for the article is available (see below), should you wish to use it.

Template (optional use) for articles for the MLTAQ Journal

Submit to editor@mltaq.asn.au

Readers will be interested in what you gained from the conference that you will be able to apply to the context of your classroom. Something practical is always of use to other teachers. We can all benefit from different perspectives and what works in other languages can usually be adapted to one's own target language. Feel free to alter the template to suit yourself.
